

HSG ASIA TERM 2021 – CREDIT TRANSFER LIST

Rules

1. Mandatory course programme (21 ECTS):

- 2 Mandatory Asia Term Core Courses (9 ECTS)
- At least two Electives (12 ECTS)

2. Additional Electives can be selected according to the following rules:

- The maximum number of credits to be credited for the Asia Term is 33 ECTS
- In general, the number of seats per Elective are limited, and hence there is *no guarantee* that a specific Elective can be chosen (the only exception to this rule are the course “Business Study Mission”, which are offered independently of any School at SMU, and are guaranteed for all Asia Term Participants)
- Students can only participate in one Business Study Mission. Preferences can be submitted during the course selection. If the capacity of one Business Study Mission is exceeded, allocation of seats will be random (draw by lot)
- All Electives, with the exception of Business Study Mission, are subject to fulfilment of the respective course prerequisites and successful bidding through the SMU Bidding Online System
- When crediting the courses to their HSG major, it is up to the students to decide how many credits and, if several options are given, in which course area(s) they want the course to be credited. E.g.: Business Study Mission could be credited fully towards Electives or Areas of Concentration, but also split in any ratio between those course areas.
- Major BBWL: A maximum of 8 ECTS credits worth of exchange courses can be credited towards a specialisation.

Abbreviations

- SoM: School of Management
- SEPS: School of Economics and Political Science
- SoL: School of Law

Asia Term Core Courses

Course	Major specific crediting				
	BBWL (under 2019 regulation)	BVWL	BIA	BLE	Blaw
